# B-Smart® Sensor Exchange Program

## The Program Designed To Keep Your Analyzers On The Job

Exclusively For Fyrite® INSIGHT® Plus, InTech®, PCA®3, Monoxor® Plus and INSIGHT® Analyzers

**No Need To Return Your Analyzers For Factory Service Calibration!  
Save Time, Save Money And Keep Your Investment Working Around The Clock.**

### Here's How Easy It Is...

**1** Replacement sensors are shipped at pre-determined intervals of your choice. Choose a program start date that best suits your needs. **Order from your distributor using this form or online at: [www.MyBacharach.com](http://www.MyBacharach.com)**

**2** Receive your pre-calibrated B-Smart® sensor in a returnable, pre-labeled container - it's your automatic reminder that it's time to replace the sensor. Simply return your old sensor in the supplied postage-paid envelope.

**3** Exclusive plug-n-play installation is quick & easy. Following the instructions, snap your new pre-calibrated sensor(s) into the analyzer, enter the B-Smart® code number(s) and you're up, running and back on the job.

**THE B-SMART® EXCHANGE PROGRAM DOES NOT INCLUDE OXYGEN SENSORS, which generally require replacement every 24 mos.**  
 Note: This is a Factory Managed "Exchange Program" insuring properly calibrated instruments during duration of program under normal operating conditions following manufacturer's instructions. Failure to promptly return the replaced sensor will void the program. Every attempt will be made to correct missing sensor(s); however the instrument's owner holds the responsibility to conform to this requirement.
